Lecture To-Night.

Bayard Taylor has arrived, and consequently there will be no disappointment about his lecture at Lippin's Hall to-night.

County Board of Supervisors.

MONDAY AFTERNOON, JAN. 20.

The board met pursuant to adjournment, with all the members present but Mr. Carpenter.

Several claims were presented and referred.

Mr. Greenman, from the committee of the late board, to inquire into the condition of the license funds in the cities of Janesville and Beloit, reported that they found \$295 of license money retained by the city of Beloit, and \$1,046 by the city of Janesville; the latter under a resolution of the common council, and held as an offset to indebtedness due the city by the county.

The city of Beloit promises to pay soon to the county treasurer the amount held by that city. The committee can find no law to justify the withholding of this money, and recommend such action as may be necessary to compel payment to the county.

The report was adopted, and Mr. Earle offered a resolution, which was adopted, instructing the district attorney to commence a suit against any city or town withholding such money.

The committee on court expenses reported in favor of allowing bills to the amount of \$9.00, and rejected one on account of informality. Adopted.

The committee on miscellaneous accounts reported in favor of allowing bills to the amount of \$70.41. This amount includes \$32.08 interest on county orders. The committee also reported against a claim of \$10 from E. J. Smith for breaking a buggy, and a judgment of \$68 to J. R. Bennett. Mr. Bennett's judgment was rejected on the ground that no opportunity had yet been given to put it in a tax.

The committee on jailor's, justice's and constable's accounts reported in favor of allowing bills to the amount of \$50.09, and against others for informality. Adopted.

The committee to revise the volunteer relief law submitted their report, embracing the amendments recommended to the law. The report was adopted, the law ordered to be printed as amended, and the board adjourned to Tuesday morning at 9 o'clock.

TUESDAY MORNING, JAN. 21.

The board met and proceeded to business. Mr. Bliss offered the following resolution, which was adopted:

WHEREAS, Chapter 121 of the session laws of 1855 makes it the duty of the chairmen of the town board of supervisors and treasurers of cities to make an examination and report to collect and pay over to the county treasurer all moneys collected as forfeitures and fines paid to the justices of the peace of their respective cities and towns, and

Resolved, That the county treasurer be required to proceed (in compliance with this law) against all such chairmen and city treasurers as have failed to make their annual report.

The committee on settlement with county officers submitted a report from the treasurer, and the following result of their investigation of his account.

The committee on settlement with the county treasurer, report as follows:

Upon examination of his report, they find the same agreeing with the books and papers in his office. The aggregate amount received by him from January 4th, 1881, to January 13th, 1882, is \$103,969.95. Of which amount there is on hand in tax certificates \$36,103.87. Total amt. paid out from Jan. 4th, 1881, to Jan. 13th, 1882, \$54,041.02. Leaving cash in treasury Jan. 13th, 1882, \$13,824.46.

The amount of state, county, war and superintendent tax for the year 1882, not collected, is \$59,740.19, which amount together with cash on hand and certificates of sale belonging to the county, this committee have seen charged on treasurer's books to the county treasurer.

All of which is respectfully submitted.

S. T. PEMBER, Com.

E. L. CARPENTER, Sec.

On motion of Mr. Pember, a committee of three was appointed to destroy the orders and certificates cancelled by the county treasurer. Messrs. Pember, Carpenter and Hudson were appointed the committee, and discharged their duty in the presence of the board, by burning them in the stove.

The committee on miscellaneous accounts reported in favor of allowing bills amounting to \$11.31, and against some others. Adopted.

I. C. Sloan, district attorney, submitted a report of the receipts and expenditures of his office. He also presented for the consideration of the board a bill amounting to \$316 for arguing several cases for the county in the supreme court.

Mr. Hudson offered a resolution in relation to the judgment obtained by Charles Norton against the county, which was laid on the table.

The committee on court expenses reported in favor of allowing witness bills amounting to \$5.44. Adopted.

The committee on justices' and constables' accounts reported in favor of allowing the bill of H. N. Comstock, \$108.35, and G. Stanbury, \$2.87. Adopted.

The committee on sheriff's and jailor's accounts reported in favor of allowing the bill of H. A. Robertson, \$7.75, previously rejected for informality. Adopted.

Adjourned to two o'clock P. M.

Notice.—There will be a Special Meeting of Hesseue Hook and Ladder Company, at their rooms, on Wednesday evening, Jan. 22nd, at half-past seven o'clock.

By order of Foreman,

J. H. SAUNDERS, Sec'y.

From the Eighth Regiment.

Camp Curtis, Sulphur Springs, Mo., January 15th, 1882.

Messrs. Editors:—I informed you a few days ago, of our having orders to leave for Cairo by boat; the large steamer Continental with the 7th Iowa on board, which was to take us on, now lies on a bar blockaded in with ice here. She lies about ten rods from shore crosswise the river. They have been working to get her off for the last forty-eight hours, without any success. Fears are entertained for her safety; she has, besides troops, a large amount of ammunition, three large 32-pound siege guns, several large mortars, some 20 brass field pieces, and a large amount of stores on board. Should she go to pieces the guns probably will all be lost, for it is impossible to land them here without great expense. We have just received orders to go by rail; the men are now loading the baggage on the cars, and we leave here in the morning for St. Louis, and then proceed to Cairo by rail through Illinois. I boarded the steamer this morning; the troops seemed to be in good spirits, but did not seem to realize the danger that surrounded them. I think they will be landed in the morning and follow us by rail. The weather is something warmer, to-day, and the ice may break around the steamer and float her off, but it is doubtful. Yours, &c.

W. B. BRITTON,

Capt. Co. G. 8th Reg. Wis.

KILLED.—A lad, about 17 years old, named Davis, whose parents live nearly opposite the institute for the blind, in this city, was killed this morning by a shot from a double barreled gun. It appears that he intended to hunt prairie chickens, went across the road to some stacks; soon afterwards he was found dead, the charge from the gun which he carried, having passed through his head, killing him instantly. It is not known how the accident occurred.

STATE VOLUNTEER FUND.—The Madison Journal says: "In order to keep the fund for the relief of volunteers' families, in an effective condition, it will be necessary to raise more money. Senator Foot has introduced a bill calculated to do this very promptly and satisfactorily, which is endorsed by the governor and school land commissioners, and will undoubtedly become a law. If it does, the school fund heretofore invested in loans, will be invested in the purchase of state bonds, and about \$20,000 will be at once added to the volunteer relief fund. State bonds pay 7 per cent. and afford one of the best securities it is possible to get. This disposal of the fund will considerably lessen the fees of the school land commissioners, but from what one of them tells us, we can confidently tell the public that they are ready and patriotic enough to grin and bear it."

POSTPONED.—The meeting at the Baptist Church is deferred till to-morrow evening on account of Bayard Taylor's lecture.

FARINI.—Farini, who created such an excitement at Niagara Falls two years ago by his feats on the tight-rope, is now a captain in the 15th regiment New York engineers, under his real name, Wm. L. Hunt. He is the inventor of the water skates.—The captain is putting his men through a course of gymnastics, and he claims that in two months he will have the finest company in the army.

Lecture To-Night.

Bayard Taylor has arrived, and consequently there will be no disappointment about his lecture at Lappin's Hall to-night.

County Board of Supervisors.

MONDAY AFTERNOON, Jan. 20.

The board met pursuant to adjournment, with all the members present but Mr. Carpenter.

Several claims were presented and referred.

Mr. Greenman, from the committee of the late board, to inquire into the condition of the license funds in the cities of Janesville and Beloit, reported that they found \$295 of license money retained by the city of Beloit, and \$1,046 by the city of Janesville; the latter under a resolution of the common council, and held as an offset to indebtedness due the city by the county. The city of Beloit promises to pay soon to the county treasurer the amount held by that city. The committee can find no law to justify the withholding of this money, and recommend such action as may be necessary to compel payment to the county.

The report was adopted, and Mr. Earle offered a resolution, which was adopted, instructing the district attorney to commence a suit against any city or town withholding such money.

The committee on court expenses reported in favor of allowing bills to the amount of \$9.00, and rejected one on account of informality. Adopted.

The committee on miscellaneous accounts reported in favor of allowing bills to the amount of \$70.41. This amount includes \$32.08 interest on county orders. The committee also reported against a claim of \$10 from E. J. Smith for breaking a buggy, and a judgment of \$68 to J. H. Bennett. Mr. Bennett's judgment was rejected on the ground that no opportunity had yet been given to put it in a tax.

The committee on jailors', justice's and constables' accounts reported in favor of allowing bills to the amount of \$50.99, and against others for informality. Adopted.

The committee to revise the volunteer relief law submitted their report, embracing the amendments recommended to the law. The report was adopted, the law ordered to be printed as amended, and the board adjourned to Tuesday morning at 9 o'clock.

TUESDAY MORNING, JAN. 21.

The board met and proceeded to business. Mr. Bliss offered the following resolution, which was adopted:

WHEREAS, Chapter 121 of the session laws of 1859 makes it the duty of the chairman of the town board of supervisors and treasurers of cities to make an examination and report to, collect and pay over to the county treasurer all moneys collected as forfeitures and fines paid to the justices of the peace of their respective cities and towns, therefore

Resolved, That the county treasurer be required to proceed (in compliance with this law) against all such chairmen and city treasurers as have failed to make their annual report.

The committee on settlement with county officers submitted a report from the treasurer, and the following result of their investigation of his account.

The committee on settlement with the county treasurer, report as follows:

Upon examination of his report, they find the same agreeing with the books and papers in his office. The aggregate amount, received by him from January 4th, 1861, to January 13th, 1862, is \$103,969.93. Of which amount there is on hand in tax certificates \$36,103.87. Total amt paid out from Jan. 4th, 1861, to Jan. 13th, 1862, \$67,866.06. Leaving cash in treasury Jan. 13th, 1862, \$13,824.46.

The amount of state, county, and superintendent tax for the year 1862 not collected, is \$59,746.70, which amount together with cash on hand and certificates of sale belonging to the county, this committee have charged on treasurer's books to the county treasurer.

All of which is respectfully submitted, R. T. PEMBER, Com. E. L. CARPENTER,)

On motion of Mr. Pember, a committee of three was appointed to destroy the orders and certificates cancelled by the county treasurer. Messrs. Pember, Carpenter and Hudson were appointed the committee, and discharged their duty in the presence of the board, by burning them in the stove.

The committee on miscellaneous accounts reported in favor of bills amounting to \$11.31, and against some others. Adopted. J. C. Sloan, district attorney, submitted a report of the receipts and expenditures of his office. He also presented for the consideration of the board a bill amounting to \$315 for arguing several cases for the county in the supreme court.

Mr. Hudson offered a resolution in relation to the judgment obtained by Charles Norton against the county, which was laid on the table.

The committee on court expenses reported in favor of allowing witness bills amounting to \$3.44. Adopted.

The committee on justices' and constables' accounts reported in favor of allowing the bill of H. A. Robertson, \$7.75, previously rejected for informality. Adopted.

Adjourned to two o'clock P. M.

Notice.—There will be a Special Meeting of Rescue Hook and Ladder Company, at their rooms, on Wednesday evening, Jan. 22nd, at half-past seven o'clock.

By order of Foreman, J. H. SAUSDERA, Sec'y.

CAMP CURTIS, Sulphur Springs, Mo., January 15th, 1862.

Masses. Editors:—I informed you a few days ago, of our having orders to leave for Cairo by boat; the large steamer Continental with the 7th Iowa on board, which was to take us on, now lies on a bar blocked in with ice here. She lies about ten rods from shore acrosswise the river. They have been working to get her off for the last forty-eight hours, without any success. Fears are entertained for her safety; she has, besides troops, a large amount of ammunition, three large 32-pound siege guns, several large mortars, some 20 brass field pieces, and a large amount of stores on board. Should she go to pieces the guns probably will all be lost, for it is impossible to land them here without great expense. We have just received orders to go by rail; the men are now loading the baggage on the cars, and we leave here in the morning for St. Louis, and then proceed to Cairo by rail through Illinois. I boarded the steamer this morning; the troops seemed to be in good spirits, but did not seem to realize the danger that surrounded them. I think they will be landed in the morning and follow us by rail. The weather is something warmer, to-day, and the ice may break around the steamer and float her off, but it is doubtful. Yours, &c.,

W. B. BRITTON, Capt. Co. G. 8th Reg. Wis.

KILLED.—A lad, about 17 years old, named Davis, whose parents live nearly opposite the institute for the blind, in this city, was killed this morning by a shot from a double barreled gun. It appears that he looked the gun at home, and saying that he intended to hunt prairie chickens, went across the road to some stacks; soon afterwards he was found dead, the charge from the gun which he carried, having passed through his head, killing him instantly. It is not known how the accident occurred.

STATE VOLUNTEER FUND.—The Madison Journal says: "In order to keep the fund for the relief of volunteers' families, in an effective condition, it will be necessary to raise more money. Senator Foot has introduced a bill calculated to do this very promptly and satisfactorily, which is endorsed by the governor and school land commissioners, and will undoubtedly become a law. If it does, the school fund heretofore invested in loans, will be invested in the purchase of state bonds, and about \$20,000 will be at once added to the volunteer relief fund. State bonds pay 7 per cent and afford one of the best securities it is possible to get. This disposal of the fund will considerably lessen the fees of the school land commissioners, but from what one of them tells us, we can confidently tell the public that they are ready and patriotic enough to grin and bear it."

POSTPONED.—The meeting at the Baptist Church is deferred till to-morrow evening on account of Bayard Taylor's lecture.

FARIN.—Farin, who created such an excitement at Niagara Falls two years ago by his feats on the tight-rope, is now a captain in the 15th regiment New York engineers, under his real name, Wm. L. Hunt. He is the inventor of the water skates.—The captain is putting his men through a course of gymnastics, and he claims that in two months he will have the finest company in the army.

BROCHURES.—From Mr. S. H. Gardner, Principal of the Rutgers Penitentiary, N. Y.—I have been afflicted with Bronchitis during the past winter, and found no relief until I found your "Brown's Bronchial Trochoc" or "Cough Lozenges" for sale throughout the United States. I judge I have cured myself.
